Sir,

Please find below the goods accompanying documents for the export of your products to Russia:

- Single Administrative Document (S.A.D.): Document usually required for any exportation outside the European Union. This customs declaration is the starting point of export customs clearance.
- Commercial Invoice: is established in 3 copies minimum and must contain the usual wording. It can be done in English or in Russian. The number of the customs terminal must be mentioned.
- Certificate of Origin: is only required if it is expressly requested by the importer.
- Packing list: is written in English by the exporter, but a translation in Russian may be requested.
- Transport document: Waybill, International Transport Document.
- Transport Insurance.

We hope that this information will be useful to you. Don't hesitate to contact us if you require further information.
